New member of Staff

Welcome to Anji

We interviewed Anji and asked how she found out about the job. Anji explained she found Pulp Friction first on social media and has been following us for a number of years.

She is interested in all the things we do like cooking, gardening and creative work.

Anji was a teaching assistant at Foxwood School and had met Jill, Jessie and other members through her work. Anji enjoys working with members at Pulp Friction and working as a team.

In Anji's spare time she likes to do new activities and learn new experiences.

Members moving on.

Beth T is moving on from Pulp Friction Wednesday group to Monty Hind Cooking Group.

Clare C has started working at Pulp and Prints on every Monday and gets the tram home.

Another member, **Lauren**, has decided to leave Pulp Friction to look a job. She's happy about this but sad to go. We wish her the very best of luck.
